

# KICK-OUT FLASHING

## PRO-KICKOUT

Custom made water diverting flashing system for roof and wall junctions.

Left & right hand kick-out flashings are available. One piece stop end flashing.

## BENEFITS

- Pro-Kickout flashing is installed above the guttering and fixed under the apron flashing where the roof meets a vertical wall
- Pro-Kickout creates a downward and outward water flow off the roof and away from the wall, preventing water intrusion at roof to wall intersections
- Formed as a single unit without any rivets or welds
- Can be painted
